

THE KNIGHT

PERFORMANCE ONE WITH LOWER ACCESS

ENERGY EFFICIENT HANDSOME PERFECT FOR EXISTING
DRINKER REPLACEMENT OR FOR NEW INSTALLATIONS

Checkmate! Great value and great features don't have to come in a boring, boxy profile. Model WPO12 is loaded and is also one of the better looking drinkers ever to reach the market.

Stainless steel spring loaded valve cover removes easily and is easily re-installed.

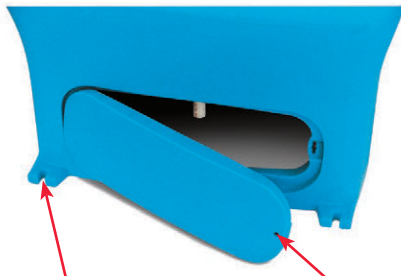

A typical annual heating bill with Model WPO12 might be somewhat higher than with Model WPO17 — maybe \$15.00 instead of \$10.00! Model WPO12 has the same foam filled double wall construction. Also, our **PATENTED** ports on the sidewall of the valve cover allow heat dispersal from underneath the valve cover into the drink openings.

Dependable, non-siphoning
Durapride valve (50 years of use)

2" built-in drain

Proven (30 years of use) 250
watt heater

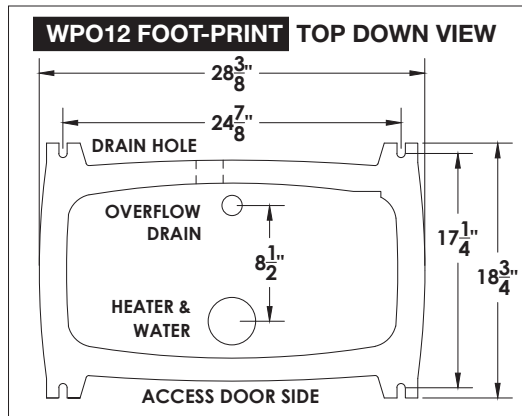

Rugged notches for secure anchoring. Spring loaded pin allows easy removal of access panel. It takes a quarter turn with a straight edge screwdriver. Lower access opening is 6" x 19".

Overflow port can be used either as an internal drain or it can be used for optional continuous flow operation.

Industry's Best Warranty!

- All Poly Main Components
5 Years Unconditional Warranty
- And An Additional 11 Year
Pro-Rated Warranty
- Valve & Heater - 18 Month
Unconditional Warranty
