Freeze Miser®

Outdoor faucet freeze protector

**STOP
FREEZE
AND SAVE**

**Easy to
Install**

#80974

Operates like a thermostat in your home. It will sense the internal water temperature arriving at the faucet, not the air temperature.

- Will activate when the water temperature drops below 37° F/3° C.
- No water is released until the activation temperature is sensed.
- Working 24/7

Outside Faucet

Stock Tanks

Sprinkler Systems

Water Pumps

Barn Hoses
