MODULAR WORKING FACILITIES

SELECT SERIES

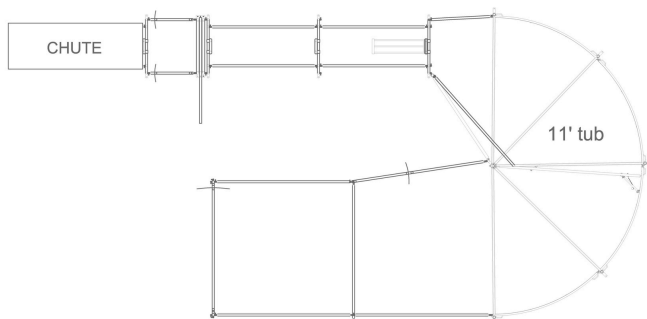

NEW SELECT SERIES: STARTER COW-CALF SYSTEM

Entry-level layout for occasional processing or vaccinations

- **For:** Younger ag families, 4-H families, hobby ranchers
- **Herd Size:** 25–75
- **Components:**
 - 2-section Parallel Adjustable Alley
 - 3-section 8' Eliminator Tub
 - 8x20 holding pen with Elite panels
- **Benefits**
 - Safe, simple system for low-headcount operations
 - Built to expand with your herd
 - Well-suited for multi-generation labor

CHOICE SERIES

CHOICE SERIES: STANDARD WORKING FACILITY (EXISTING LAYOUT)

Mid-tier, modular facility for routine cow-calf operations

- **For:** Cow-calf operators ready to upgrade from panels or pieced systems
- **Herd Size:** 75–150
- **Components:**
 - 4-section Eliminator Tub
 - 2-section Parallel Adjustable Alley
 - Block door + Palpation cage
 - 10x20 pen area with Elite panels & gates
- **Selling Points:**
 - Proven setup, dealer-ready
 - Modular for future additions
 - Reduces manpower needed to work your herds through efficiency

CattleLineTM
